INTRODUCTION

Harold Jackson Screenprint Ltd have been producing signage for over 55 years, and have been an approved supplier of ScottishPower for over 35 years.

We manufacture all our signage at our Glasgow facility using only the highest quality materials ensuring a quality product.

Not only do we produce self adhesive, PVC, and aluminium signs, we also have our own fitting and installation team, engraved plates, banners and vehicle livery.

We have worked hard to establish our enviable reputation for quality safety signage and we are ISO9001 accredited which ensures our quality, efficiency and cost-effectiveness are of the highest standard

This booklet contains over 50 safety signs unique to Scottish Power manufactured by Harold Jackson Screenprint. Also included are a range of safety signs conforming to ISO7010 available from our Glasgow trade counter or direct from our online shop at www.jacksonscreenprint.co.uk

If you need any advice on signage please do not hesitate to contact us.
